It appears my 'Key Players' Post is having a positive impact on the world, as these scum are starting to hide themselves. Just recently Nick 'the dick' Gicino has either closed or limited his LinkedIn account!

# Key Players in this ‘game’

This will be an ever-growing list of not only Tesla Employees (current and past) that have been complicit in the fraud, as well as all of the [#incelsforelon](#) that seem to have ‘drank the Kool-aid’ and are in a freakishly odd cult-like state. This will document who they are, what they are doing/have done, and call them out. This is a ‘no holds barred’ page!

## Linette Lopez

Business Insider Journalist

The only journalist with the ‘balls’ to expose tesla and musk for the frauds that they are, and hold her ground the entire time. I received nothing but praise from him, until I went ‘over his head’, when he wouldn’t do his job...then the shit hit the fan. The allegation that I was
